

Bedhead Services Trunking  
**Flexible Solutions**

# Leading by **Design**

Committed to delivering excellence and offering choice to our customers, we have used our specialist knowledge and extensive experience of healthcare environments to design a range of bedhead services trunking solutions that enhance the patient experience whilst delivering benefits for clinical staff and project installation teams.

Our Bedhead Services Systems meet with all relevant Health Technical Memorandum (HTM) requirements, CIBSE LG2 lighting standards, and are approved as a Class 1 Medical device. Features for infection control, improved reliability, energy efficiency, ease of system upgrade and servicing have also been included.

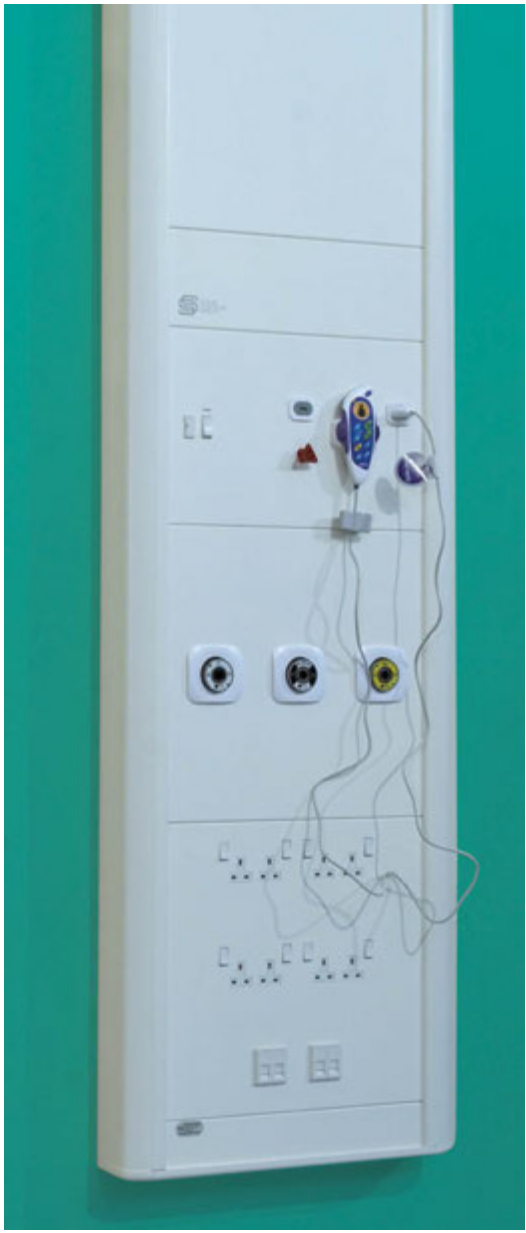

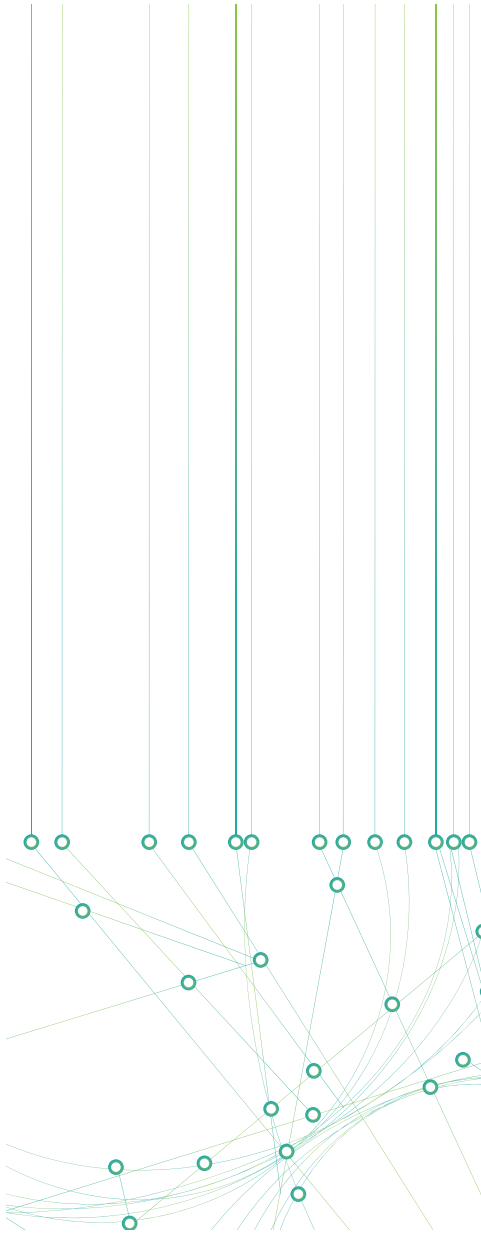

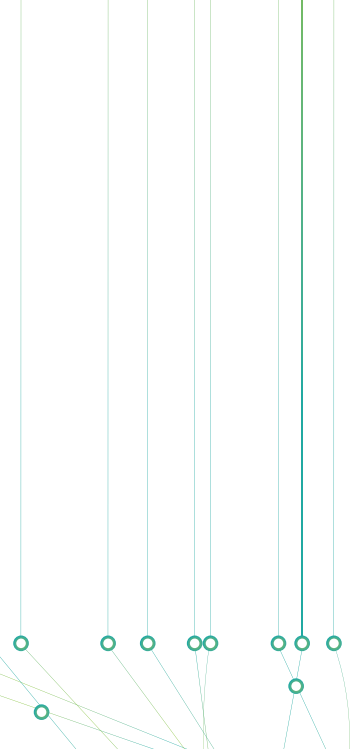

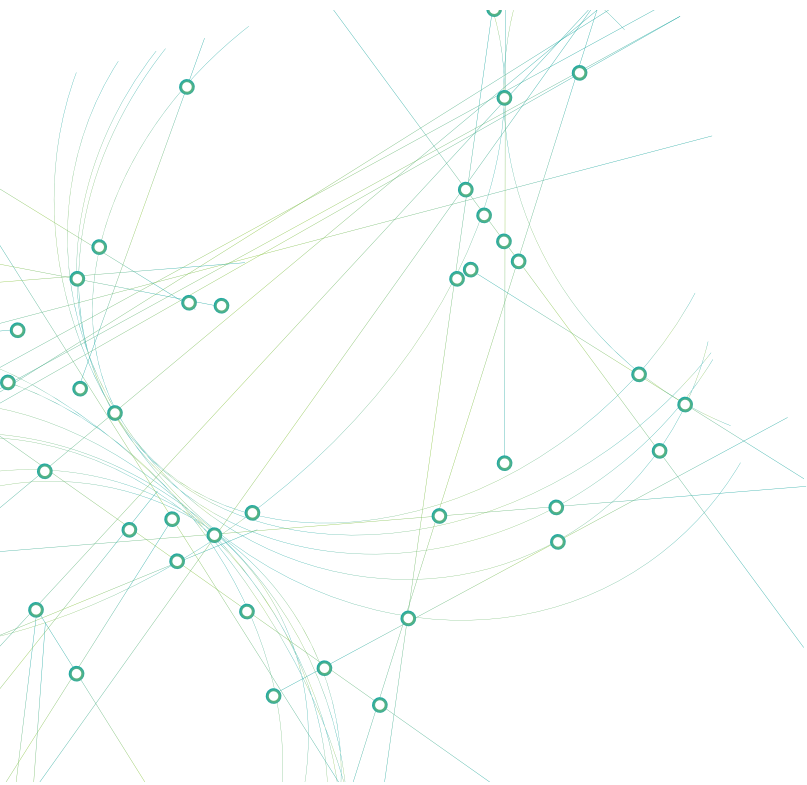

## Designed for:

- The healing environment
- Infection control
- Functionality
- Ease of installation and service
- Off-site construction
- Flexibility
